

# Insulin Lispro Injection Shelf Stock Adjustment

## **Q: What is the Insulin Lispro Injection shelf stock adjustment?**

A: Pharmacies with stock of Insulin Lispro Injection as of the beginning of the day on January 1, 2022 are eligible for reimbursement from Lilly corresponding to the reduction in price of Insulin Lispro Injection on January 1, 2022.

## **Q: Why is Lilly reimbursing pharmacies for stock of Insulin Lispro Injection?**

A: It is important to Lilly to avoid any patient safety and/or patient product access issues that might arise from reduced shelf stock availability in advance of the Insulin Lispro Injection price reduction.

## **Q: What is the new price of Insulin Lispro Injection?**

A: The new list price for Insulin Lispro Injection will be \$82.41 for individual vials and \$159.12 for a pack of five pens – which is 70 percent less than Lilly's branded Humalog U-100 counterparts.

## **Q: What is the process for a pharmacy to receive a shelf stock adjustment of Insulin Lispro Injection?**

A: To submit a request for a pharmacy stock adjustment of Insulin Lispro Injection as of the beginning of the day on January 1, 2022, please visit [Lispro.LillyTrade.com](http://Lispro.LillyTrade.com). Customers have until March 31, 2022 to submit a request to be considered for a shelf stock adjustment.
